H1: Hamilton's Artisan Chocolatier

H2: Our Story Chocolat on James has been Hamilton's destination for handcrafted artisan chocolates since 2015. Founded by chocolatier Sheryl Cronsberry, the shop has built a reputation for exceptional quality and artisan craftsmanship. In September 2025, Dan Edwards became the proud new owner, continuing the tradition of excellence while bringing fresh energy to this beloved James Street North destination.

Our dedicated team, led by professional pastry baker Mary Nguyen, remains committed to the same artisan standards that have made Chocolat on James a Hamilton favorite. We're proud to carry forward the legacy while writing the next chapter of Hamilton's chocolate story.

H2: Our Craft Our chocolates are handmade in small batches using traditional techniques passed down through generations of chocolatiers. We source premium ingredients and never compromise on quality—no artificial flavors, no preservatives, just pure chocolate artistry. To complement our house-made creations, we curate premium truffles from partners who share our commitment to excellence.

Our Process

1. **Select Premium Ingredients:** We use only the finest chocolate and natural ingredients.
2. **Handcraft in Small Batches:** Each chocolate is finished by hand with care.
3. **Quality Control:** Every piece is inspected to ensure perfection.
4. **Beautiful Presentation:** Thoughtful packaging for every order.

H2: Why Hamilton? James Street North is the heart of Hamilton's arts and culture scene, and we're proud to be part of this vibrant community. As Hamilton's chocolate destination, we're committed to supporting local suppliers whenever possible, participating in community events (Art Crawl, Supercrawl), creating jobs in Hamilton, and delivering exceptional chocolate experiences to our neighbors.

Technical SEO Requirements

URL Structure

Best Practices: - Use hyphens, not underscores: `/dark-chocolate-truffles` (preferred) instead of `/dark_chocolate_truffles` (avoid) - Keep URLs short and descriptive - Include primary keyword - Use lowercase only - Avoid unnecessary parameters

Examples: - Correct: `/collections/truffles` - Correct: `/products/sea-salt-caramel-truffle`
- Correct: `/pages/corporate-gifting` - Avoid: `/index.php?id=123&cat=truffles`

Image Optimization

File Names: - Use descriptive, keyword-rich names - Example: `dark-chocolate-truffle-hamilton.jpg`
- Avoid: `IMG_1234.jpg`

Alt Text: - Describe the image accurately - Include relevant keywords naturally - Example: `Signature dark chocolate truffles at Chocolat on James Hamilton` - Avoid: `chocolate` or keyword stuffing

File Size: - Compress images to <200KB - Use WebP format when possible - Lazy load below-the-fold images

Internal Linking Strategy

Link from: - Homepage → Top category pages - Category pages → Individual products
- Product pages → Related products - Blog posts → Relevant products - All pages → Important pages (About, Contact, Corporate)

Anchor Text: - Use descriptive, keyword-rich anchor text - Example: `artisan chocolate truffles` - Avoid: `click here`

Quantity: - 3-5 internal links per page minimum - Link to relevant, related content - Don't over-link (max 100 links per page)

Mobile Optimization

Requirements: - Responsive design (adapts to all screen sizes) - Touch-friendly buttons (minimum 44x44px) - Readable text (minimum 16px font size) - Fast loading (<3 seconds)
- No horizontal scrolling - Mobile-friendly navigation

Testing: - Google Mobile-Friendly Test - Test on actual devices (iPhone, Android) - Check all page types (homepage, product, checkout)

Page Speed Optimization

Target Metrics: - First Contentful Paint: <1.8s - Largest Contentful Paint: <2.5s - Time to Interactive: <3.8s - Cumulative Layout Shift: <0.1

Optimization Tactics: - Compress images (WebP, lazy loading) - Minify CSS and JavaScript - Enable browser caching - Use a CDN - Reduce server response time - Remove unused code
